

National Testing - for screening purposes.
Presumably - save time of recruiters

A nationwide ^{Agency, or US Govt} testing program must be open to all corners.

Serious consideration must be given to all who score above ^{a selected} cutting ^{SCORE} point without regard to background, personal qualifications, security background & other ^{important} discriminatory considerations.

A secondary testing & elimination device ^{then} becomes almost mandatory. It necessarily must deal with the relative reevaluation of personal qualifications - verbal skills, cultural background, personal image & effectiveness in ^{inter-}personal relations.
